

Union Update

2-16-2011

401K ISSUES – Just recently we have had issues with Hewitt Financial and the information that they have and our ability to move or transfer funds within our own 401K accounts. The Bargaining Committee has been working with HR and Benefits to try and get this issue resolved. There are approximately 70 people that this has affected and we are working the issue.

If you have experienced a problem with accessing your 401K and you are not able to make changes, please contact your Chief Steward so we can help you out.

Members need to email/call Linda Poshka (815-394-4411) to get pay stub from 5yrs back. This is because Fidelity only has history going back 2 years. After you get the pay stub please bring it to Carole Krajnak (815-226-6544) for processing.

We are not pleased with the transition from Fidelity to Hewitt and have expressed our displeasure with Local Benefits coordinator and UTC Benefits representatives. We will keep you updated as we get more info.

**In Solidarity,
Your Bargaining Committee**
